

# More Fun at Home With Mr. Popper's Penguins!

View the online penguin cam at the New England Aquarium

<https://www.neaq.org/visit/penguin-webcam/>

## **Play a Penguin Themed Game:**

Supplies: A team of 2 people, Tennis ball, Small stuffed animal (a penguin would be perfect)

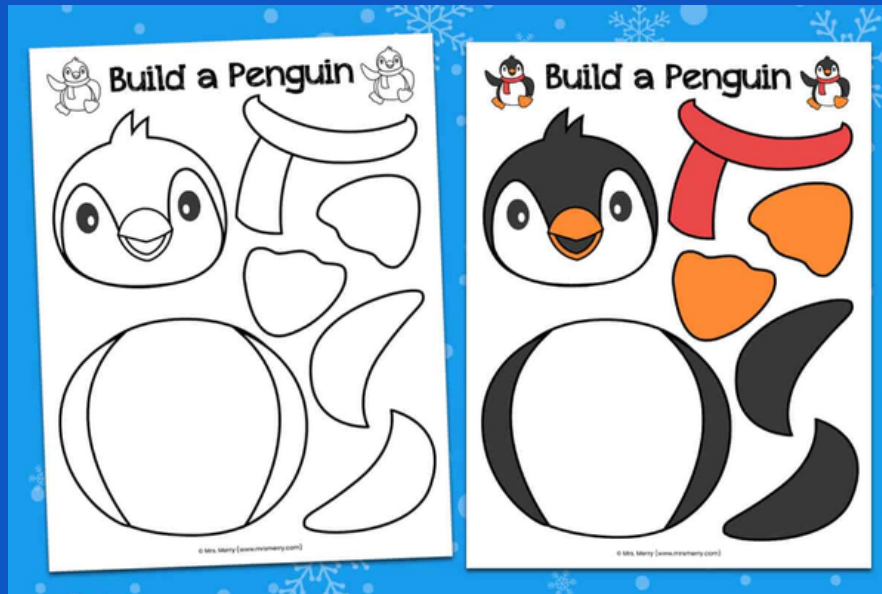

Directions:

Select one person to be the mom penguin and one to be the dad penguin.

Mom penguin – stand up tall and have someone place the tennis ball on top of your feet. Figure out how to best position your feet to cradle the ball and practice balancing the ball on the top of your feet as you move around (remember, you can't let the egg touch the ice/ground)!

Next, work together to pass the tennis ball to your partner's feet. After each person balances and transfers the egg, try to complete the same tasks with the penguin chick (small stuffed animal)

# Build a Penguin Printable!

Use this link to get access to a free printout. Go ahead and build your own penguin!
